"ESCAPING UTOPIA is a must read book for everyone concerned about the real nature of human nature. Authors Lalich and McLaren do a brilliant job in revealing the various psycho-social mechanisms by which cults attract, deceive and bind recruits into their "families," at great personal costs-- and how to help them exit."

Escaping Utopia

Growing Up in a Cult, Getting Out, and Starting Over

Janja Lalich and Karla McLaren

Michelle Pfeiffer. Garrison Keillor. Glenn Close. Julian Assange. They have more than fame in common; each was born or raised in a cult. The behaviors, pressures, and authoritarian structures of cults are paralleled in normal human relationships and every group. This is the first cross-comparative book on the experience of cults—and the hardships entailed in escape. The authors interviewed 65 people from 39 cult groups spanning 12 countries. Each person left their cult without outside help or internal support. Lalich and fellow cult survivor Karla McLaren craft Lalich's groundbreaking research into vivid, heartfelt prose. They explore questions about human nature, group dynamics, abuse and control, and triumphs of the human spirit in the face of extended suffering.
