Procedure for protection and intellectual self-defense, targeting families of which a member has become an Islamic radical

This procedure can also be used for supporting those who have turned their backs on Islamic radicalism.

The same principles can be applied to other types of radicalisation.

Whom does this procedure target ?

- **GEMPPI uses this procedure for the families, friends and relatives, brothers and sisters of the radicalised person (in his absence) to avoid the often-observed contagious effect. This procedure can also be used for certain profiles of people who have turned their backs on Islamic radicalism.**

Whom does this procedure target ? (cont.)

29 year's experience in observing and treating sectarianism, including various radical religious sects, allows us to affirm that when a family member converts to a sect or a radical religious movement, he will try to convert his friends and relatives. The first targets will be his brothers and sisters, and sometimes even his parents. In many cases, we have seen whole families or family members dragged into a sectarian group by this means.

This experience has taught us the necessity of avoiding sectarian „contagion“ among the convert's friends and relatives.

Conditions

- The offer is naturally optional, especially because certain people, due to their religious sensitivities, may not feel at ease with this rational approach ignoring the sacredness of religions. Families, friends or relatives are first informed of the exact content of the approach. If they are not interested, the association *Turquoise Freedom* takes them over without using this ideological protection offered by GEMPPI.

Steps used

- 1) **Exposing the general principles used in mental manipulation and indoctrination**
- 2) **Presenting the religious texts used in seduction** (Bible, Coran, Sunna): their positive, humanitarian and generous aspects ... Followed by the explication of the sliding toward the sectarian positions
- 3) **Presentation of the sacred texts (Bible, Coran, Sunna) used to provoke sectarian behaviour and a break with the past**

1) Exposing the general principles used in mental manipulation and indoctrination

- -Define, characterise, describe the manipulation and undue influence
- -Seduction,
- -Indoctrination
- -Mental break down and confinement
- Exchange of experiences in this field and in particular the concrete experience of meeting with a sect member or radicalised person.

2) Presenting the religious texts used for seduction

(Bible, Koran, Sunna): their positive, humanitarian and generous aspects.

- -Beginning with the Bible
- -And then with the Koran and the Sunna (El Bokhari preferably)

Then, in transition to point 3, demonstration of the exploitation of these positive religious texts, used as a springboard through a particular reading of the world's political and social events (plot, conspiracy ...) to slide towards their opposite in the same sacred texts (see below)

- Why use the 3 traditions ?

Soothing texts

Matthew 7:1-5

Judge not, that you be not judged. For with the judgment you pronounce you will be judged, and with the measure you use it will be measured to you. Why do you see the speck that is in your brother's eye, but do not notice the log that is in your own eye? Or how can you say to your brother, 'Let me take the speck out of your eye,' when there is the log in your own eye? You hypocrite, first take the log out of your own eye, and then you will see clearly to take the speck out of your brother's eye

Abou-Horaira (1) said: I heard God's envoy say: "man's acts will not suffice to make him enter paradise" - Not even you, Envoy of God, they objected. "No, not even me, God would then have to swathe with his favours and clemency. Do good and be moderate. None of you should wish for death... Hadith 75.19 (item 3).

Based on the fact that Saudi Arabia is an ally of the United States and that it has chosen Israel to build the border separation wall ... the Islamist makes the link with its sacred texts.

The origin of Antichrist: Abou-Idri-El-Khaulâni (1) reports... O Envoy of God...God has brought us the benefits of Islamism. After this good, will the evil come again? "Yes," he replied. "What will bring about these troubles?" I asked. These are people who will follow a different path than mine ... there will be at the gates of hell people who will call to the men, and who will precipitate in hell those who respond to their call, O Envoy of God, I said, describe these people. They will be, he replied, of our race et will speak our language... [And] what if there is no assembly, nor any Imam? Keep away from all parties... Hadith 92.11

Place of manifestation of the Antichrist: Anas-ben-Mâlik (1) reports that the Prophet said: "The Antichrist will come and go in the neighborhood of Medina. The city will experience three shocks and after that the infidels and the hypocrites will go to the Antichrist. Hadith 92.26 (item 2)

حدثنا سعد بن حفص حدثنا شيبان عن يحيى عن اسحاق بن عبد الله بن أبي طلحة عن أنس بن مالك قال قال النبي ﷺ : يبعث الله رجلاً يخرج إلى كل كافر ومنافق . ثلاث رجفات في المدينة ثم ترجف المدينة ثلاث رجفات فيخرج إليه كل كافر ومنافق .

An example of sliding

THE GREAT SEAL OF THE UNITED STATES: CONSPIRACY SYMBOL

The Great Seal of the United States comprises two sides visible on 1 \$ bills.

On the verso of the seal is a pyramid lit at its summit by the Eye of Providence, symbol of the omniscient elite

controlling the people according to conspiracy theorists. In reality, it is generally interpreted as the eye of God, watching mankind.

The 13 rows of stone of the pyramid apparently would recall the degrees of Freemasonry whose illuminati would be the higher levels. The symbol in fact pays tribute to the new American nation, destined to last as long as the pyramids of Egypt, the 13 rows of stone representing the original 13 colonies of the US.

Annuat cœptis, motto translated by "what we undertake will be crowned with success", and interpreted as an avowal of conspirators, but it is understood above all as the eye of God's Providence, surrounded by the motto "approve things that have begun", i.e. the creation of the United States

Novus ordo seclorum, translated from Latin by "the new secular order", indicated for the conspiracists the new regime independent of all religions that it wants to destroy. For the founders of the United States, the motto celebrated the democracy destined to become the reality of all men.

The United States are in the hands of the Jews, and are therefore the allies of Israel.

the declaration of independence of the United States.

The inscription **MDCCLXXVI** (1776 in Roman numerals) would be a reference to the year of the foundation

In fact, it simply refers to the date of

3) Presentation of the sacred texts (Bible, Koran, Sunna) used to provoke sectarian behavior and a break with the original environment

Phase of confrontation with the harshness of texts

(Rejection of non-believers, discrimination, incitements to violence, etc..)

The sacred texts presented are not commented by the intervener but are introduced by this sentence:

„Is it fair according to you ?“

No guidelines, it is up to the participants to judge, debate and conclude.

- Begin with the Bible
- And then with the Koran and the Sunna (El Bokhari)

The literal, sacred text without comment

- **The sects and radicals of monotheistic religions rely mainly on ancient sacred texts to justify their ideologies, which often justifies anachronistic behaviour.**
- **No religion is innocuous and harmless** , it always contains radicality in its sacred texts, extreme thought because it was constituted as opposed to a predominant religion and its texts are also in the image of the often barbarous epoch that gave birth to it.
- **As a result, groups now become radical when there sectarian teachers interpret ancient sacred texts literally. They thus claim to return to the original purity of the religion, as opposed to the other religious movements which they accuse of having made compromises and concessions to this diabolical world or its defenders. Sectarians and gurus will justify their intolerant behaviour in the light of theses anachronistic texts.**

Some sectarian groups rely on these New Testament texts to justify a literal interpretation

- Revelation 22.18-20
- I warn everyone who hears the words of the prophecy of this book: if anyone adds to them, God will add to him the plagues described in this book, and if anyone takes away from the words of the book of this prophecy, God will take away his share in the tree of life

The same method of promoting literal interpretations through the Koran is used by the Salafists and other fundamentalists

Creating awareness

In presenting the following themes in sacred books :

- -Status of women, sexuality
- -Statut des unbelievers and bad believers
- -Holy war
- -Advocating various kinds of violence, discrimination (slaves etc.)
- -Undemocratic social organisation, no freedom
- -Assertions contrary to science (flat earth, geocentrism...)

A 2-hour session is usually sufficient to obtain very encouraging results (test on 3 groups from 12 to 18 years)

Punishment for illicit sexual relations in the Torah of Mose (A.T. Bible)

Deuteronomy 22.20: But if the thing is true, **that evidence of virginity was not found in the young woman**, 20.21 then they shall bring out the young woman to the door of her father's house, and **the men of her city shall stone her to death** with stones, because she has done an outrageous thing in Israel by whoring in her father's house. So you shall purge the evil from your midst.

Meaning and purpose of the procedure

This process highlights the idea that it is not God who creates man in his image, but the reverse. (We observed on the groups that took part in the procedure that the results are at the rendez-vous: relativisation of texts and truths)

Meaning and purpose (continued)

Hence the need to specifically inform families or close friends on the rational and desacralising contents of the approach. If they are not interested, especially because of their religious Sensibilities, the association of the victims of radical Islam, *Turquoise Freedom* supports them directly without using the ideological protection process proposed by GEMPPI
